A Donor Advised Fund

What is it?

A Donor Advised Fund is an effective tool for charitable giving that provides benefits similar to a private or family foundation without the hassles. Donor Advised Funds minimize the worries and administrative burdens of grantmaking, so you can put your time and energy into what really matters: making a meaningful impact on the community, organizations and causes you value.

You can contribute to the fund when it is most convenient and receive a tax deduction for the contribution. What's more, you can appoint others, such as children or grandchildren, to serve as advisors and share in your family's tradition of giving and growing a legacy.

How does a Donor Advised Fund work?

The first step is to meet with the expert staff at the Foundation to determine your current philanthropic approach and charitable goals for the future. You can choose to name a cause or philanthropic interest or have a broad scope of giving. We then work together to shape a grants program that meets those charitable objectives and interests.

We will work with your trusted advisor

MANKATO AREA FOUNDATION INVESTMENT PARTNERS PROGRAM

We created the Investment Partners Program (IPP) specifically to enable donors to maintain existing investment relationships while benefiting from our community knowledge and philanthropic expertise. Through the program, professional advisors remain involved in fulfilling your charitable goals while the Foundation maintains an investment advisory role.

When to Start a Donor Advised Fund

- When planning to sell a private business
- During a "transition" phase in your life—empty nest, retirement or estate planning
- To receive a charitable tax deduction now, with the flexibility to make distributions in the future
- Because of a desire to give something back to your community now
- You want to leave a legacy for future generations

How to Get Started

- If you have a trusted advisor, talk to them about your philanthropic interests
- To participate in IPP, we ask that you have a goal of reaching \$25,000 within the first three years
- To establish a fund, you sign a fund agreement with MAF and request your advisor manage the assets
- MAF and the advisor enter into the advisor's standard investment services agreement, and the advisor manages the newly gifted funds according to MAF's Investment Policy. The advisor will provide MAF with quarterly reports including asset allocation and rate of return

"What the foundation does is make it incredibly easy to give back to the community that you love. Giving should be enjoyable, and the foundation makes it enjoyable."

- Denny & Carole Dotson
